

Seymour Community School District

Mobile Learning Device Replacement Fees

We have needed to adjust our fee structure for the Mobile Learning Devices to reflect increased costs for computer replacement parts for the school year 2022-2023. Please see adjusted fees listed below and our policy section on student Mobile Learning Device replacement responsibilities from the Seymour CSD Mobile Learning Device Agreements and Policies documents.

Replacement Costs:

Mobile Learning Device - \$250

Screen - \$60

Keyboard - \$50

Motherboard - \$100

MLD Carrying Bag - \$20

Charger and Cord - \$52

Section 8. Repair/Replacement Costs

Students may be held responsible for the repair costs for all damage caused to their Mobile Learning Device and accessories which are not covered by the Warranty including, but not limited to: broken screens, cracked plastic pieces, inoperability, ect. Should the cost to repair exceed the cost of purchasing a new device or item, the student and parents/guardians will pay for full replacement value. Lost items such as cases, adapters, chargers, and cables will be charged at the actual replacement cost.

We have read and agree to the above fees and responsibilities for the student Mobile Learning Device as stated and understand that the school technology support staff will do all repairs and assessments of Seymour CSD Mobile Learning Devices.
